A good deacon of one of our city churches needed older logs of the docks yesterday, and noticing a crowd of boys fishing, he commenced to reproach them for breaking the Sabbath. In the middle of his tirade he stopped suddenly to ejaculate, "Look out, bub, you've got a bite," to a small boy whose attention had been attracted from his line. Human nature was too strong for him.

JUBILANT BOOMERS.

They Outwit the Authorities and Gain the Land of Milk and Honey.

WICHITA, Kan., May 16.—A special dispatch to the Daily Eagle, from Cheyenne agency, Indian Territory, says: "Twenty-seven Cheyenne warriors, each partially loaded with Indian supplies which they have taken into the territory, delivered their goods and then moved on into Oklahoma district, where they have located claims and commenced farming operations. Report reaches Cheyenne that the boomers are exultant, and have moved to the campers in the vicinity of Caldwell that the coast is again clear for another raid."

To the Eagle's representative some of their number openly boasted that they had outwitted the authorities. Each of the twenty-seven warriors contained two or three men. They went from the Cheyenne agency directly down the Cimarron river by Camp Russell, which had been vacated by the troops, which had been ordered to the Northwest. It is the judgment of the authorities at the agency that all the boomers left on the border will again flock into Oklahoma, although the Fifth cavalry, under command of Gen. Wesley Merritt, are now under marching orders, to take the place of the Ninth, just moved."

He Hung Himself.

NONSUCH, Wyo., May 16.—Michael Albert, one of the best and most intelligent citizens of Montgomery county, has committed suicide by hanging in his wagon house. The Mirror

is no flatterer. Would you make it tell a sweeter tale? Magnolia Balm is the charmer that almost cheats the looking-glass.

Gratefulness.

Mr. H. Sampels, Ottawa, Kansas, writes: "Dr. S. B. HARTMAN & CO., Columbus, O.—Gentlemen: I have suffered for seven years; I have tried everything and many physicians, and all have failed. I went to Pittsburgh, and while there fell on the street, my breath seemed to leave my lungs, and numbness overpowered me. I determined to give PERUNA and MARAINE a fair trial. I used four bottles of each, and my trouble left, never, I hope, to return. I left Pittsburgh three weeks ago for Kansas, and thought, as I was going to a new country, I had better take a bottle of MARAINE with me, on account of bad water, etc. I arrived here with one-half bottle. I found one of my friends in a pretty bad condition. The doctors were treating her for chills and fever. I did not know what her trouble was, though I persuaded her to use the MARAINE. She did so, and the first day was up doing her work. Now she seems strange, but it is, nevertheless, a candid truth. She used it all, and has never had cause to lie down during the day since she took the first three doses."

A Case that was Pronounced Incurable.

Miss C. C. Peck, 714 Jackson street, Milwaukee, Wis., writes: "Dr. S. B. HARTMAN & CO.—Gentlemen: I take great pleasure in stating to you the benefit I received from your valuable PERUNA. I have been suffering for about fifteen years with a severe cough and bronchitis (the doctors called it asthma). I was treated by different physicians, and spent considerable money for different kinds of patent medicines, but received no benefit whatever. Dr. Fox, of this city, claimed I had consumption, and there was no hope for me ever getting better. I was so bad that I could hardly get up. I took eight bottles in all, and now I feel like a new woman. If it hadn't been for PERUNA I think I would be in my grave now. It is a wonderful remedy, and I recommend it to all my friends."

Messrs. Baker Bros., Portmouth, O., write: "Your Chamberlain's Cough Remedy. It sells well and gives satisfaction."

There is an exhibition at Mr. Hermann Lange's jewelry store one of the finest watches we have ever seen. It was made at Geneva, and is a chronograph, minute repeater and horse-dinner, with split seconds and fly back. Besides all this it strikes the hour, quarters and minutes. He also has received a new selection of Knight Templar charms.

The pastor of a colored church, officiating at a funeral in Frankfort the other day, speaking of the life of the deceased, said "he was born in Woodford County in 1851, but that won't save him; he was a gambler, and you all know it; he awoke in the terrors of the smoke and blue blazes of the hissing furnace of hell. Take warning by his awful fate."

Popular! Popular!

Of course, The word comes from every direction. Any political candidate who has done as much good as Brown's Iron Bitters has, will be so popular that he will be sure to run in with an immense majority. D. H. L. Battle, of Wadley, Ga., says "Brown's Iron Bitters is very popular in this section." No. 10, a healthy contest, finished with a time beating all except the grand race of Lord Murphy. Ten of the choice three-year-old colts, the pick of the many famous stables of the South and East, appeared for the start and all got off well together, and after a free use of whip and spur the favorite won by half a length in 2:37, distance one mile and a half. Joe Cotton is a handsome chestnut, bred at Woodburn Stock Farm, by King Alfonso, dam imported Inverness, and the property of Mr. J. T. Williams, of Eminence.

The Kentucky Derby.

The Kentucky Derby, the greatest of American races, run on Thursday at Louisville, was won by Joe Cotton, the favorite, in a hotly contested finish, with a time beating all except the grand race of Lord Murphy. Ten of the choice three-year-old colts, the pick of the many famous stables of the South and East, appeared for the start and all got off well together, and after a free use of whip and spur the favorite won by half a length in 2:37, distance one mile and a half. Joe Cotton is a handsome chestnut, bred at Woodburn Stock Farm, by King Alfonso, dam imported Inverness, and the property of Mr. J. T. Williams, of Eminence.

The Needham Meetings.

The interesting series of meetings came to a close last night when Mr. Needham preached from the text "Be of Good Courage." Every seat in the opera house was occupied and deep interest was manifested throughout the services. Miss Lela Wheeler sang the beautiful solo, "Lead me gently, Father," and Professor Avis sang several of his selections. Before the sermon a collection was taken for expenses attending the use of the hall and about \$10 was raised. At the close of the sermon a number of persons stood up for prayer, and the meeting was adjourned to the Methodist Church when after a talk by Brother Needham seventy-three persons stood for prayer and about twenty-five came forward, and many more professing faith in Christ. At 10 o'clock the meeting adjourned and the congregation came forward to shake hands with the evangelist. For all he had a word of advice and promise. As he left the church he shook hand with the sexton, saying "I had rather be a doorkeeper in the house of my God than to dwell in the tents of wickedness forever, had not you?" The colored brother's face fairly shone as he replied, "The Lord knows I had, sir!" And so closes one of the most remarkable meetings ever held in Mayville. It will be a long time before our people will forget the care seem to be going right along as usual, and do not appear to have heard anything drop.

A Word to the Colored Parents.

Editor Bulletin: What is the matter with the young class of colored people of Mayville? Why are they inferior to those of other cities? In mental culture, refinement and in all good qualities the colored of our city "bring up the rear." Why do we not see a mental culture daily by great crowds of half-grown, idle colored boys, and sometimes girls as well? Have they no parents? No homes? Are there no public schools to which they may go? It must be remembered that "youth is time of enterprise and hope." Bad habits formed and indulged therein grow stealthily along and by the time maturity is reached they are transformed into monster evils. Anything which tends to elevate and ennoble is avoided by our people, as a whole, and anything of a corrupt nature that they may observe in the lower classes of white people is carefully copied and practiced by them. This will never do if we wish to be a people. The fact is we have been building upon the wrong foundation. In this city are four hundred and sixty-three colored children of school age, and of that number ninety-five attend school. Is it not a shame? Who must bear the blame? How we would complain if there should be no school for us in Mayville. And yet not one-fourth of our people appreciate our present advantages. Many complain that they have not suitable clothing, yet they are allowed to loiter in the streets for every one to gaze upon, while in the school room they are seen by none but the teachers and pupils. This excuse will not hold good. We have the same opportunities to educate that the whites have. The colored man may never expect his children to become anything in the world unless he educates them. You owe this to your children and to humanity. It is the foundation upon which the colored race must build. It is the key to our future prosperity. Parents, keep your girls and boys out of the streets. Send them to school. Do we need the compulsory law? These matters should be thoroughly considered by all the colored parents of Mayville.

WILD AT SPRINGFIELD.

THE SENATORIAL STRIFE CONTINUES IN A PANDEMONIUM.

The Struggle Waxes Hotter 'Mid the Discussion of Parliamentary Law—Sharp Manoeuvring Among the Rank and File—Full Particulars.

SPRINGFIELD, Ill., May 16.—The democrats held a caucus at the St. Nicholas hotel to arrange a plan for carrying on the fight and elect a United States senator. Shortly after convening Senator Bell introduced the following resolution which was greeted with applause on being read:

"Resolved, That the democratic members of the general assembly do hereby agree to vote in the joint assembly for Judge Lambert Tree for United States senator until he shall receive for three ballots 101 votes; then if he shall not be elected we shall proceed to vote for such other persons and in such order as this meeting shall designate, until such shall receive for three ballots 101 votes, or until some person is elected. That this meeting shall proceed at once to designate the persons to be voted for and the order in which they shall be taken."

After some discussion the following gentlemen were selected as the party candidates to be voted on in their regular order: Lambert Tree, John C. Black, Carter Harrison, John P. Altgeld, John W. Palmer, W. J. Allen, R. W. Townsend, John L. Schofield, S. C. Judd, Elijah M. Hise, M. F. Fuller, and John H. Oberly. The proceedings were conducted with order and good fellowship, and after the transaction of the above business the caucus adjourned.

The first two hours of the morning session witnessed one of the most tumultuous scenes ever enacted in a legislative chamber. Speaker Haines took the chair and the proceedings opened. Mr. Ruger and Mr. Stitt were absent. As soon as the gavel had fallen Senator Mason demanded that Mr. Weaver, a newly-elected representative, should be admitted to a seat in the joint assembly. This was received with a tornado of "noes."

Chairman Haines, amidst roars of applause, ironically asked, "Who is this Weaver?" and further suggested it would be a good thing if the joint assembly would see that all its legitimate members were present before discussing the admission of outsiders. Mason again vociferously demanded the admission of Mr. Weaver. Haines just as promptly declared the motion out of order. A decision was appealed and the yeas and nays were called. The decision sustained the majority as declining to vote.

All this time the uproar was indescribable. When the vote had been announced, Haines declared that the ballot for senator was in order. Again Mr. Mason re-enforced by Mr. Fuller, objected. It was, he said, past 10 o'clock, the regular hour for the meeting of the senate and house, and therefore as a matter of fact the joint assembly was dissolved until noon.

Copious extracts from the proceedings of the United States senate were quoted in support of this position, but the occupants of seats on the democratic side shouted louder than ever for the roll call.

In the midst of the uproar Lieut. Gov. Smith mounted a seat and in storming tones requested the republican senators to withdraw. As one man they rose to their feet and filed out, the republican representatives forming a double line of honor, cheering frantically as the senators passed between. The senators will return at noon. In the meantime the democrats will continue the ballot.

Immediately upon the withdrawal of the republican senators, Mr. Linger (dem.) proceeded to speak against time in accordance with the decision of the democrats to prevent a session of the house before noon, when republicans must come in. The democratic propose to prevent Weaver taking his seat by continuing the joint assembly indefinitely whether the republicans like it or not. The republicans are inclined to admit Ruger (rep.) will vote with the democrats. He is occupying Speaker Haines' room and intercourse with him shut off.

A compromise has been affected between the managers of both sides by which they agreed none except informal ballots shall be taken until Tuesday next. The reason for this is that the democrats would not allow Mr. Weaver to be seated except in the house, and not in the joint assembly. The republicans said they would not allow the ballot to go on if they didn't take in Mr. Weaver's vote. Hence the bargain to avoid a row. The joint session adjourned, and on motion of Mr. Cratts, Mr. Weaver was sworn in amid wild cheers.

Rolling Mills Resume.

CHICAGO, May 16.—The North Chicago rolling mills will resume operations Monday with about 1,600 men. The company gave the striking workers their decision and stated that they could resume work at the old prices—\$1.35 to \$1.50 per day. The men accepted the proposition. Several hundred additional men have been called to work around the docks. There is great rejoicing in South Chicago.

A Mute Child Murdered.

KANSAS CITY, May 16.—Miss Annie Bliss, fourteen years old and a mute, was found at her home with a bullet in her side. Her mother went to a store and when she returned found her daughter on the floor dead. No pistol could be found, and it is suspected she was assassinated by unknown persons. Wanted to Murder for Money.

SAN FRANCISCO, May 16.—D. H. Jordan, a young man, approached ex-Senator Sharon with an offer to kill Miss Hill for money, but became frightened and ran away. He was followed home and found to be the son of a well known contractor. It is supposed he had been drinking. Sharon will not prosecute.

Highwaymen at Work.

FR. KNOX, Mo., May 16.—Highwaymen have begun operations in Northern Idaho, on the regular stage routes into the Coeur d'Alene mines. Two masked men with revolvers held up two stages owned by rival companies, that every afternoon leaves Rudrum for Coeur d'Alene city and the mines. The first stage contained a white man and a Chinaman and the Wells-Fargo company's express box. The white man yielded up \$17 and a watch, the Chinaman nothing, and the express box nothing, was believed to be very valuable. The second coach yielded \$135 in cash and a watch and chain. The hold footpads escaped.
